## Professional Summary

Detail-oriented and personable Customer Service & Administrative Support Professional with a proven record of resolving client concerns, improving satisfaction scores, and maintaining precise documentation. Known for exceptional communication, multitasking, and organizational skills that ensure efficient operations in fast-paced office, retail, and customer-facing settings. Passionate about creating positive experiences that build loyalty and long-term relationships. I am currently pursuing a degree in Web & Digital Design to expand technical proficiency and support future innovation.

## Core Skills

Customer Service & Client Relations, Policy & Claims Support, Active Listening & Problem Solving, Attention to Detail and Confidentiality, Microsoft Office & Google Workspace, Non-professional experience assisting others with technical issues and resetting passwords, Data Entry & Documentation Accuracy, Time Management & Prioritization, Team Collaboration & Support, Scheduling & Administrative Coordination, Strong willingness to learn technical skills pertinent to call center operations or any related coursework

## Work History

**Business Customer Support Representative**, 07/2025 to 08/2025

**Metronet** – Evansville, IN

- Provide exceptional customer service to business clients by addressing inquiries, troubleshooting service issues, and resolving billing concerns promptly and professionally.
- Manage incoming calls, emails, and tickets through CRM systems, ensuring accurate documentation of all customer interactions.
- Collaborate with technical support and field service teams to coordinate service installations, maintenance, and outage resolutions.
- Educate business customers on Metronet's fiber internet, phone, and network solutions to maximize satisfaction and retention.
- Analyze customer accounts to ensure accurate billing, contract compliance, and service level adherence.
- Escalate complex issues to Tier II or management as needed, maintaining ownership of cases until resolution.
- Utilize internal tools and databases to track service requests, monitor performance metrics, and meet or exceed KPIs.

- Contribute to process improvements by identifying recurring issues and recommending workflow enhancements.
- Support business retention efforts through proactive communication, follow-up, and relationship management with key accounts.
- Maintain up-to-date knowledge of Metronet products, promotions, and service policies to ensure accurate information delivery.

**Customer Service Representative, 05/2023 to 07/2025**

**Marcus Family Agency – Farmingdale, NY**

- Delivered prompt and accurate assistance to clients, improving satisfaction and retention rates through proactive issue resolution.
- Guided clients through insurance policy details to ensure full understanding and compliance, building trust and long-term loyalty.
- Compiled and analyzed policy trends and client feedback to identify service improvement opportunities.
- Maintained precise documentation of customer interactions to ensure continuity and accountability across all touchpoints.

**Customer Service Representative, 12/2021 to 02/2023**

**Edward H. Lehmann Agency – Plainview, NY**

- Managed over 200 customer inquiries per month with efficiency and accuracy, improving satisfaction scores and policy renewals.
- Processed claims with a 30% faster turnaround, directly improving client experience and trust.
- Collaborated with peers to create improved service protocols, reducing average handling times.
- Provided clear, accurate policy guidance, contributing to higher customer retention rates.
- Conducted detailed client-needs analysis to match coverage options effectively and expedite inquiry resolutions.

## **Education**

**B.A.: Digital & Web Design, Expected in 10/2028**

**Grand Canyon University - Phoenix, AZ**
